## **Our holidays are relaxing!**

At Interchange Illawarra we believe holidays should be fun.

We offer a selection of options available to participants and let the group choose what they would like to do. We do not schedule every minute of every day, instead we are responsive and flexible.

Support is provided by experienced disability support workers who are in many cases already familiar to the participants from other Interchange Illawarra group activities or previous holidays.

Where possible, we book holiday houses or serviced apartments rather than hotel rooms.

Our support workers try their best to ensure that participants have a great time with their friends and get the most out of their holiday.

## **Expressions of Interest**

Initially, we seek expressions of interest from eligible Social Support participants who may be interested in the Short Holidays we have on offer.

You must have a holiday included in your service agreement with Interchange Illawarra to be eligible, and preference will be given to people whose NDIS plan has the earliest end date.

These holidays will go ahead dependent on adequate bookings interest, support availability and receipt of a non-refundable deposit of \$300 to secure a spot. Individual customer details are required to make bookings for most holidays.

Your NDIS plan will provide funding for your support while on holidays. Please let us know as soon as possible if you are interested in attending a holiday by filling out the expression of interest form.
